

High Point System: Participants accumulate points for every class they enter. Points are based on the number of participants in each class. First place will receive points equaling the number of participants plus one. Second place will receive two less points than first. Each subsequent placing will receive one less point. Points are based on class ranking, not ribbon color.

Example: For a class with 5 riders, 1st place = 6 points, 2nd place = 4 points, 3rd place = 3 points, 4th place = 2 points, 5th place = 1 point

In the event of a tie, the High Point award will be given to the participant placing highest in the trail class.

** Points follow the rider, NOT the horse. (They can ride multiple horses and all of the points still go to the rider)
